

# ALMETEK E-NEWS

## Anniversary EDITION

**Almetek Industries, Inc.** is so pleased to be celebrating **45 years in business!** We are proud to continue providing customers from all industries with the highest level of service and top quality products.

The past year has manifested unprecedented difficulties on both a personal and business level. We have had to institute many changes in our office and manufacturing protocols to remain open and keep our employees safe. It has been challenging, but we're thankful that we have been able to adapt, and that our employees have remained healthy. A special thanks goes out to all of our loyal customers for their continued support - we deeply appreciate it!

### A WORD FROM THE CEO

Dear Valued Customers:

I personally have never been more proud of the people of Almetek. Throughout the many meetings and critical discussions that have taken

taken place over the past several months, the determination and can-do spirit of our people have been incredible. During these challenging times, we stand with you and remain fully committed to our partnership. We are working hard to continue providing you with the essential products you depend upon while being mindful of the health and well-being of our employees. We firmly believe that with you, the best customers in the industry, we can weather this storm together and emerge stronger than ever.

Thank you for your continued partnership, stay safe, and know that you can count on Almetek!

### FEATURED PRODUCTS

#### **ALMETEK COVID-19 SAFETY**

Almetek is committed to providing our customers with the products they need during this challenging time. Our COVID-19 Safety labels and signs communicate critical safety information, and help to prevent the spread of Coronavirus and other illnesses. Available in 3M vinyl Labels or Sintra™ material Signs. Don't see the design you need? **We can create custom artwork to fit your needs.**

### CATCHING UP WITH AL

Owner and Chairman Albert Burlando started Almetek Industries in the basement of his Staten Island home in 1975. After many successful years in business and development of innovative products including E-Z Tags, Co & Tri-Extruded Signs, Metal Storm Drain Markers and more, Al has been enjoying the retired life in sunny Florida. While he has stepped back from the day-to-day operations of the company, Al continues to keep very busy with family time, Rotary Club projects and humanitarian efforts, and has started his own fishing club with local friends and enthusiasts!

### LOOKING TO THE FUTURE

Longevity in business requires the ability to grow with the times. In that vein, Almetek has made several upgrades to their manufacturing processes and invested in new machinery to expand our capabilities and streamline production. Our advances in digital printing and research into new, highly durable materials is enabling us to meet the demands of our customers more efficiently than ever before. In addition, Almetek will be launching new online resources to make our ordering process even easier. Of note is our new Label Designer, which will enable customers to design their labels in real time and send the artwork directly to our Customer Service Department.

As a company, we remain confident that with an eye on the future and the resources from our past, the company will remain strong for another 45 years to come.
