

# REFLECTIVE DELINEATORS AND GRIDS

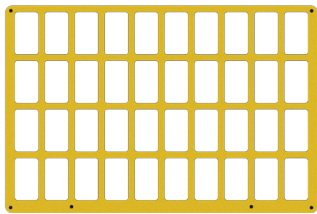

## Improve Road Safety By Increasing Visibility

Delineators will improve the visibility of your utility poles during the evening, daytime and inclement weather conditions. They are available in a variety of sizes, reflective colors and styles. Custom sizes and mounting holes are available. Delineator Reflective Choices are available in Engineering Grade, High Intensity and Diamond Grade.

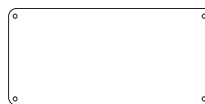

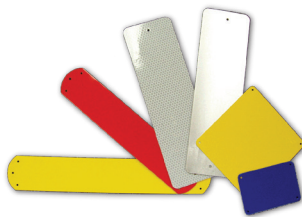

Almetek Industries, Inc. engineers its E-Z Safety Grids™ and Delineators for the best possible safety, readability and lowest possible cost. Designed to withstand long-term exposure to a variety of hostile environments, these highly reflective grids and delineators are the perfect choice for vehicles, fences, poles, cabinets, pedestals, gates, shelving, docks, posts, or anywhere highly-reflective warning surfaces are needed. They store easily for fast access in an emergency.

### BENEFITS:

- Reduce Auto Accidents
- Enhance Safety
- Greater Pole Visibility
- Economical
- Non-Corrosive
- Quick and Easy to Attach

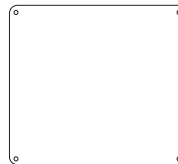

Item# GRID-Y

2.5" x any length

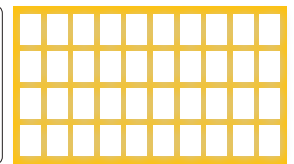

2" x 12"

5" x 5"

5" x any length

8" x 12" GRID
