

MOUNTING ACCESSORIES

Attachment Options & Accessories

ALUMINUM NAILS:

Square shanked, serrated nails (1 1/4" long x 1/8") with a 5/16" head diameter are designed for safety. Sure grip-nails snap into 1/8" diameter holes in Almetek holders, eliminating the need to hold nails when mounting. Theft resistant. Will not work loose.

1.25" Long, 650 Nails/1 lb
Item #: AN1.5

DRIVE RIVETS:

Used for Storm Drain Markers. A drive rivet is a type of blind rivet with a short mandrel that protrudes from the head. Once the drive rivet is inserted into a hole, the mandrel is driven in with a hammer or other implement to flare out the end of the rivet that is inside the hole.

1/4" x .781" Aluminum Drive Rivet
Item #: DR-250

BANDING TOOL:

Required for tensioning stainless steel bands.

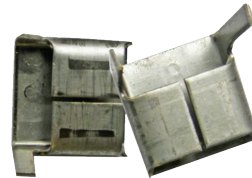

Item #: BT-01: 3/4"

E-Z CRIMP LOCK BUCKLES:

Secure banding with a simple tap of a hammer.

Item #: BB-1
Item #: BB-2
Item #: BB-4

BANDING:

E-Z Bands is a mounting method for all of Almetek's identification systems including: E-Z Tags, Transmission and Aerial Markers, One-Piece Pole Tags, Signs and many others. They attach easily to wood/aluminum/concrete/fiberglass poles, steel pylons, bridges, fences etc.

Item #: B-01
Item #: B-02
Item #: B-04
Item #: B-05

E-Z TIES:

For use with E-Z Tags, Holders, Signs, Fiber Optic Cable Markers, Phase Markers and more. Black (other colors and diameters are available, call factory). UV protected / Self locking.

Item #: T-1B (1" diameter)
Item #: T-2B (2" diameter)
Item #: T-3B (3" diameter)
Item #: T-4B (4" diameter)
Item #: T-6B (6" diameter)
Item #: T-9B (9" diameter)

BRASS GROMMET:

Grommets are brass rings used to protect holes in thin materials like fabrics, sheet metal, and plastics. Grommets are used so that wires, rope, or cords can be put through your material without tearing through or misshaping the hole. Grommets are necessary for hole reinforcement in certain materials.

SIKAFLEX ADHESIVE:

Sikaflex adhesive may be used in place of screws, rivets, welds, and other fasteners. This is a polyurethane adhesive that seals and bonds in one to step to provide high strength elastic bonding. Suitable for a wide range of substrates.

10.1 Fluid Ounce Caulk Tube
Item #: SIKS-ADH

DATING NAIL:

2" Long, Nail heads are dated to show installation date.

2" x .187 1/2" head Scotch Shank
Aluminum Dating Nail
Item #: Dating-Nail-__(year)

WIRE FENCE BRACKETS:

Fence Brackets are used to mount signs to fences and posts. These brackets are constructed out of aluminum and come with a stainless steel nut and bolt.

Item #: WFB-1
