

METAL Storm Drain Markers

STORM DRAINS are commonly misused by the public for the disposal of waste such as paint, motor oil, antifreeze, pesticides and other pollutants. This improper disposal can seriously damage water quality and the environment.

Help make the earth a "Greener" place - mark all storm drains in your community and spread the message of water conservation.

STAINLESS STEEL, ALUMINUM & BRASS

ALMETEK'S Storm Drain Markers have been engineered to perfection and can be installed onto roadways, curbs, storm drain grates or storm drain heads. Features include:

OUT-LASTS ALL OTHERS • THEFT RESISTANT • 30-YEAR WARRANTY

We're so confident in the permanence of our markers, we guarantee them for up to thirty years! Our attractive, four-inch disc, 3-D embossed, metal Storm Drain Markers are so strong they are virtually indestructible. You won't have to be concerned with them cracking, peeling, falling off, or being vandalized like plastic markers - ALMETEK'S markers are made with durability and longevity in mind.
